ILLUMINATE

— I.C.O.N. MASTER TECHNIQUE —

TO KEEP IN MIND

- Do not work on the hairline.
- Fine weaving through the middle of the strand.
- Backcomb at 20%.
- In each section, work with 3 subsections. Exception: circumference.
- Very fine slices (no weaving).

1 NAPE

- SIDES: Follow the direction of the section, with 3 subsections on each side.
- CENTER: Work in a straight horizontal line.

2 CENTER

- LOWER SECTION: Work the center, leaving the sides free.
 - UPPER SECTION: Work the sides, leaving the center free.
- Both following the direction of the section.

3 SIDES

Work the 1st and 3rd sections, with 3 subsections in each.
Leave the middle section free.

4 FRONTAL

3 rounded subsections following the shape of the hairline.

5 CIRCUMFERENCE

Fine crossed slices, five from one side and four from the other.
Create the first slice from behind the ear to three-quarters of the opposite eyebrow.
