MELTING

— GOURMET —

IMPORTANT POINTS

- Colors should be no more than 2 levels apart.
- Apply the root color to a minimum of 5 cm, always using the deepest shade.
- Apply Bleach during the last 10 minutes of processing time, working freehand through the medium and deep tone sections.

SECTION 1

Upper area, in a teardrop shape. From 4 cm back from the front hairline to 2 cm below the crown.

SECTION 2

Front area. Leave a 1 cm hairline perimeter, from the outer end of the eyebrows to the beginning of the teardrop shape.

SECTIONS 3 & 4

Sides. From the top of the ear to 1 cm behind Section 2, leaving a 1 cm hairline perimeter free.

SECTION 5

Back area, forming an inverted triangle. Starting 2 cm from the previous section and extending to 4 cm above the nape.

SECTION 6

From the vertex of Sections 3 and 4 to 1 cm from the nape hairline.
